

***Lewes R/C Club***

***Delaware***

***AMA #1440***

***Information for Prospective Members***

**The Lewes R/C Club welcomes new members of all ages who share our love of flying and building model R/C airplanes and our endorsement of the safety measures adopted by Academy of Model Aeronautics (AMA). We also welcome those who wish to learn more about participating in this fascinating hobby.**

## **The Lewes R/C Club**

**Our club was founded in 1980 and currently has approximately 60 members ranging in age from teenagers to those with more than 50 years experience. All are dedicated to the hobby and are eager to help others advance their flying and building skills. Experienced instructors are available to help beginners advance to "solo" flying their own models. Our club meets on the second Tuesday of each month at 6:30 PM at the American Legion Post # 28 located on the east side of Rt. 24 in Millsboro.**

**Dues are \$50.00 per year.**

## **Hopkin's Field**

**Members are nearly always present at Hopkin's Field, located on Fisher Rd. in Lewes (see attached map) and are happy to answer questions about the hobby and the Lewes R/C Club. Guests with current AMA cards are welcome to fly – up to 3 times per year prior to joining LewesRC Club - at Hopkin's Field. The field is maintained by the effort of members.**

**To reach the field from Rt. 1 in Lewes, take Rt. 9 toward Georgetown, take an immediate left, then a right onto Rt. 23. Proceed a few miles past the Elk's Club. Then take the second right (past Dairy Farm Rd.) diagonal onto Fisher Rd. The field is approximately ¼ mile on the right. From Georgetown, take Rt. 9 toward Lewes and turn right at the light onto Dairy Farm Rd. At the end of Dairy Farm Rd., take a right onto Rt. 23 and a right onto Fisher Rd.**
